Representative McKelvey rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. Maybe I'm missing something, but when I read the bill, I don't see anything about the Internet on here. This is vote by mail, and the reason why I brought this measure before this Body is to address the very lethargic voting that has occurred in the Primaries.

"Mr. Speaker, as you know, it's on Saturdays. Days that our working community and our families have as their only time off. As you have seen by the results, we have such a low voter turnout. And if by making voting by mail can increase voter turnout in our democracy, I think that's a win. And not only that, but it gives people time to research the candidates and their positions, and make an informed choice. Of course, there's also a provision to have walk-in locations available on that day.

"But again, this is just to encourage our citizens to get out for this very important Primary Election vote which many of them, on Saturdays they have other obligations, and they don't show up to vote. So again, this is about increasing our participation in our democratic system and democracy. Thank you."

"Yes, in support with just some slight reservations on Stand. Com. Rep. No. 387. What this bill does is it basically changes a practice that was enacted within the Department of Human Services to help people to easily enroll in Medicaid. And basically it had an automatic enrollment. I can understand the reasoning for wanting to eliminate the automatic re-enrollment just in case people don't qualify anymore.

"But the reason why the Department had enacted the automatic enrollment is because they had found that one of the reasons people weren't signing up for their benefits is because of the complications that they may have had to enroll. And so that they found that a lot of people who were lower income are not getting the benefits that they qualify for and in the end, were paying more for medical care and emergency rooms for uninsured people or people didn't have these benefits.

"And it could possibly be that in this economy, that those that no longer are eligible for this benefit is probably very, very small. But we may make it harder for those that do qualify to stay enrolled."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise in favor of this measure, however I'd like to express some reservations on it. While this measure has the noble intent of reducing the unfunded liability of our Employees' Retirement System by sending GET money directly to the ERS, I don't know how much money this entails. I think if the Legislature wants to repay the ERS, we should do so by direct appropriations or some other means.

"I think it would negatively affect budget policy and reduce our budget flexibility. It may also inadvertently encourage further earmarking of our GET revenues.

"By not placing the money into the general fund first, we evade the General Fund Expenditure Ceiling. That's a constitutional ceiling that controls our spending and it keeps us from spending more than the rate of growth in our State economy. But because I agree with the need to reduce the unfunded liability, I am voting aye with reservations. Thank you."

"Yes, Mr. Speaker. I'm in support with some strong reservations. "And I understand the reasoning behind this. I'm just concerned that this may create a pattern in our inability to balance the State budget in the House of Representatives."
